A map of the study area showing the location of the study site (4) relative to the M&B road and the Pushmataha River. The map includes a scale bar from 0 to 20 miles and a north arrow. The study site (4) is marked with a black dot on the Pushmataha River, which is shown in blue. The M&B road is shown as a black line. The map also shows the location of the study site (4) relative to the M&B road and the Pushmataha River.

A map fragment showing a road network. A vertical black line represents a main road. To its right, a blue line represents a river or canal. Several points are marked along the road: a circle labeled '14' at the top, a pentagon labeled '42' below it, a circle labeled '3' further down, a large circle labeled '156' next to the river, and a circle labeled '11' at the bottom. Labels include 'Pelho' near point 14, 'Lachin' near point 3, and 'Roberto Alcântara' near point 156.

A map of the Hazen area. The Hazen River flows from the top left towards the bottom right. Hazen is located on the river. Orrville is located to the left of Hazen. The Hazen River Bridge is located on the river. The map also shows the Hazen River Bridge and the Hazen River.
